Re: Red Flame Marketing

Steve Hunt, Managing Director of SDH Air Conditioning Services Limited in Bolton, said: "Red Flame Marketing has been assisting my company with marketing from mid-2007. Since that time, our turnover has increased by around £250,000. Much of this increase in turnover has come as a result of us investing in regular marketing support and following a marketing plan. Red Flame Marketing has been able to provide both strategic direction and tactical implementation of our marketing plan. It's certainly proved a good investment and it's great to have someone to bounce ideas off as my business grows."
