**To Whom It May Concern**

**Red Flame Marketing**

**We called upon the services of Red Flame Marketing at very short notice to cover for a member of staff who was seconded to another department to help with a Government inspection.**

**Red Flame Marketing has provided solid and consistent tactical support to my Communications Team on a weekly basis for several months now. This input has meant that the organisation has been able to keep up with our pro-active communication with our stakeholders – a very important commitment that we have made to our customers.**

**Much of the work has been drafting press releases, writing and proofing internal and external newsletters and even co-writing a report on our Member Development that went on to being a national finalist in an awards competition organised by a leading local government publication.**

**Richard at Red Flame Marketing has extensive experience in PR and marketing and has been invaluable to my team during this time.**

**I am very happy to recommend his services.**
